Perth, Western Australia

Christmas Party 2006

What a lovely day it was, beautiful, sunny and it stayed warm during the evening so Club uniform was the way to go. We had hired a hall in South Perth that was not overlooked so we could be nude. The kitchen and other facilities were excellent, plus there were tables and chairs available for us to use. The committee arrived early to clean and set up for the evening. We decorated the hall with lots of Christmas decorations, which got us into the Christmas mood. The jukebox karaoke machine also arrived promptly, so we were all ready to go.

The people started to arrive around 6.00 pm and we turned the jukebox volume up. The selection of available music was amazing, and had way too many good songs that we all wanted to listen to. Everyone brought some food to share so as usual we had heaps to choose from for supper.

The party really started to rock when we got up on the dance floor and then the karaoke part of the jukebox was used. We're not too sure of the quality the of singers tough. We suggest no one should give up his or her day job! For those that attended we all had a good time, once again. Thanks to Kathy for not winning all the raffle prizes, and to the committee for all your help for the party and throughout the year.
